W. R. Keesee,

Publisher and Proprietor.

CANTERBURY, B.C., THURSDAY, FEB. 13, 1902.

The important strike made on the Bunyan group and reported in last issue should prove a good thing for this district. It is gratifying to note the general interest taken by the public in this property, and, better still, its importance can scarcely be over estimated.

As is too often the case, prospectors overlook the mineral indications near by and wander far up the creek before they seriously begin their work.

In the Bunyan we have a property that has been passed over by not only dozens of prospectors but by a number of mining experts. And now a ledge has been shown up that many believe will eventually prove a mine. Being only about five miles from town it has advantages that no other property in this district can claim.

Added to all their other troubles the writers of the press are "lost souls" in the opinion of Mr. George Holmes Howison M.A., LL.D., a professor in the University of California. In one of his recent masterly and learned lectures at Berkeley that intellectual gentleman said:

"We cordially invite graduate students and adults not in the university to visit this course, providing they are not newspaper men. We want no reporters or correspondents. They are lost souls and we want no beings of that description in our classrooms unless they have deeply repented of their sins and promised to reform."

Most newspaper men have oft repented that they ever allowed the habit to grow on them, but to reform—they simply cannot do it. It is really too bad that the professor did not explain how he discovered that newspaper men are "lost souls," it would be very interesting to know all about his researches in that direction.

The year 1902 certainly looks good to us from a business standpoint, and there is every reason to look for a large copper output. The present price of copper need not worry us, for it is at its low point now, and for a short temporary period at that. The influences that have caused it to rise rapidly being changed, and almost any bright morning we will awake to find that copper has risen above 15 cents to remain permanently there. The business forces demand it, and it would have been there all along had it not been for a few shortsighted interested who, figuratively speaking, killed the goose that laid the golden egg. The pocket books of the Michigan stockholders are doing the work of education necessary to bring the management to its senses, and there is a howl going up that cannot be long silenced.—Western Mining World.

Edward Saunders, president of the board of control of the Sullivan Group Mining and Smelting Company says:

"You can say for me that the smelter at Marysville will be built, finished and blown in with the utmost despatch. That the smelter will be operated so long as there is a pound of ore in the Sullivan mine, and there are 200,000 tons in sight now. We shall build a lead refinery as soon as the smelter is finished. You have my own personal word of honor that this will be done, and when I say that I mean it."—Marysville Tribune.

Sandon Paystreak: Sir Thomas Lipton spends a million dollars trying to win the American cup, and hires girls in his London factories for such low wages that they have to resort to prostitution to stand off starvation. Lipton will try for the cup again, but meanwhile the girls have gone on strike. There is something wrong with a system which permits Lipton to squander millions establishing his reputation as a sport while the poor defenceless girls who earn his fortune are starving.

The Toronto Globe of 50 years ago contained the following information: "A woman has been tried and convicted in Virginia for teaching a slave to read the bible, and sentenced to two years' imprisonment in the penitentiary. According to the indictment she, not having the fear of God before her eyes, but moved and incited by

the devil, wickedly and maliciously and feloniously did teach a negro woman to read the bible, to the great displeasure of Almighty God."

Eighty per cent of the business failures in America last year, according to Bradstreet's financial report, were due to the lack of advertising. Beware!

It is with pleasure we note the many expressions of confidence in the future of the Windermere Division, both as a mining and agricultural country. The steady growth will have its effect and is much better than a boom.

The OUTCROP would have people know that we have no "private opinion" of mining properties either for sale or gratis. What we publish is our opinion or that credited to others. We advise those seeking cheap information from mining men to write those advertising in this paper and they will find it cheap in the long run.

DISTRICT CROPPINGS

Try The Outcrop for Job Printing.
The Outcrop is on sale at A. R. Yates' Drug Store in Peterboro.

A gripe has taken a good grip on quite a number of citizens lately.

The continued light falls of snow has made good sleighing during the week.

W. Kenne and family will move to their new ranch on Coddie creek this week.

R. C. Barton started for the coast last Tuesday, where he will remain for some time.

H. G. Gordon and R. A. Power left on Sunday for Golden to attend a meeting of the Mammoth Club of that town.

Divine service is held every Sunday evening in St. Peter's Church, Windsor.

Father Cosella arrived from Fort Steele last week, and is visiting his numerous friends here and carrying on his good work.

Hello! Everybody, Santo is selling out his stock of shoes and butters now is the time for anyone who don't intend to carry any over!

Rev. Mr. Teger will conduct services next Sunday in Windsor at 11 a.m., Peterboro at 3 p.m., and Atholmer at 7:30 p.m. Everybody is welcome.

Owing to a severe attack of la gripe foot stall the Outcrop is short on news this week. In fact at one time it looked as though this shipment would have to be deferred.

There was a warm time in Peterboro Monday night and a box of the jolly souls of that town had a quiet (?) celebration. These men have landed a great deal but on this occasion it took them about three hours to reticulate this one after they had located it.

The American lead trust has raised the price of pig lead 10 cents a hundred in New York, making the selling price \$14.00 a hundred. Previous to January 1st stood at \$13.75 cents, and since then has been quoted at 14. No raise has been made to the lead mine owners, who still are getting the \$12.50 rate fixed at new years. It is understood that the lead trust has reduced its supplies, which was 40,000 tons, to less than 40,000 tons.

Santo sells Blue Ribbon Tea because it is the best.

C. F. NICHOLSON,
ASSAYER and CHEMIST.

Having raised the examination for proficiency in assay as required under the Bureau of Mines Act, the office is now a permanent fixture of the district.

All work will be promptly attended to and reliable results guaranteed.

NEW TEN COMMANDMENTS

I.
Thou shalt not go away from home to do thy trading; nor thy son nor daughter.

II.
Thou shalt patronize thy home merchant and thy home printer; for, verily, thou shalt not drive from their homes to find food for their little ones. Thou shalt not drive from their homes to find food for their little ones.

III.
Thou shalt employ thy own mechanics that they may not be driven from their homes to find food for their little ones. Thou shalt also consider him as thy neighbor, above them that dwell in a strange town.

IV.
Thou shalt not ask for credit as the goods cost much money, and the merchant's brain is hardened with bills.

V.
Thou shalt not ask for reduced prices for the "bullpen" for beyond goods is in time heart and the merchant readily find an open book. He hath both thee to learn and teach to him "ma, ma."

VI.
Thou shalt do whatever best in thy power to encourage and promote the welfare of thy own town and time own people.

VII.
Thou shalt not suffer the voice of pride to overcome thy heart, consent thou not, for thou mayest be deceived.

VIII.
Thou shalt spend thy earnings at home that they may return from whence they came and give comfortment to such as may come after thee.

IX.
Thou shalt not bear false witness against the man when in thou dwellest, but speak well of it to all men.

X.
Thou shalt keep thyself clean, honest and teach them to thy children to the land and birth generation that they may be made to flourish and grow in plenty when thou art laid to rest with thy fathers.—Unknown Sainted Winter.

C.P.R. LANDS.

This Company now offers for sale their lands along the Columbia River and Lakes in blocks of 160 acres and upwards.

These lands have been carefully selected and comprise some of the best agricultural and grazing lands in the district. Prices from \$100 to \$500 per acre on easy terms, a cash payment of only \$120.00 on 160 acres at \$5.00 and nine subsequent annual payments of \$100.00 each including interest.

NOTICE.

TO DELINQUENT CO-OWNERS.

To E. A. MASON and all others claiming through him any interest in the claim heretofore mentioned. Miners Act 1897 and amendments thereto.

Notice is hereby given that we, E. J. Scott and R. S. Gallop, have performed all the assessment work on the claim rock mineral claim, situated on Spring creek, in the Vancouver Mining Division, of North East Kootenay, located on the 15th day of August, 1897, and recorded on the 19th day of August, 1897, and that E. A. Mason, the recorded owner of an interest in the said claim, has neglected to pay for his share of assessment work for the year 1901, and unless he pays the first installment of this notice, we will proceed to record said delinquent interest as provided by Section 11, of the Miners Act Amendment Act 1900.

Dated at Vancouver, B.C., this 8th day of November, 1901.
E. J. SCOTT, 1400-0.
R. S. GALLOP, 1400-4.

Adam

Adam and Eve were great advertisers and among the various methods employed by them to make known their stock of wares they made a record of advertising which has long been known to their posterity. This record is now being reprinted in a book.

Job

Job was a very patient advertiser and today is known to the whole Christian world. Had he quit advertising when he was ill he never would have been successful. Nobody has ever suspected that even the record of the name would be changed and used to classify another class of advertisements now known as Job Work.

Every one of us who now uses job work in varied forms, and in these jobs they all have it printed at The Outcrop Office, where they get good work at reasonable prices.

As we have a large stock of Job Work for sale on hand that we can carry we will sell them at a reduced price until Feb. 28.
